

Royal Mail International Update

December 2019

This update, about incidents which have affected international mail services throughout December, was issued by Royal Mail Customer Services on Tuesday 14 January 2020.

Information about issues currently affecting the movement of international mail, including international bank holidays, can be found at: www.royalmail.com/internationalupdates.

Africa

Libya

Start date: 16 July 2014

End date: Ongoing

Mail services to Libya are currently suspended until further notice.

South Africa

Start date: 1 October 2017

End date: Ongoing

Very poor service has been observed for mail into South Africa. South Africa Post Office has advised this is due to abnormally high volumes of mail.

This has created bottlenecks in their processing locations due to space constraints and processing capacity. The communicated recovery plan expected at the end of October does not look to have resolved the issues and with the peak Christmas volumes, this is likely to increase delays. Delays are approximately 35 days.

Asia

Syria

Start date: 6 December 2012

End date: Ongoing

Mail services to Syria are currently suspended until further notice.

Royal Mail International Update – December

Australasia

Start date: 11 December 2019

End date: Ongoing

Bushfires in New South Wales are affecting the collection and delivery of mail. This will also impact mail into and out of Australia via Sydney, on 10 December, poor air quality led to the cessation of processing operations for the day. Normal processing has now resumed, but delays may be seen as a result of the mail build-up.

Europe

European Services

Start date: 28 November 2019

End date: Ongoing

French lorry drivers and the National Road Transport Organisation has announced a roadblock at the French-Belgian Border on 28 November 2019 to protest the French Government's decision to reduce tax relief on commercial diesel fuel. As a result, this affected UK outbound mail between France and the Belgian border, and mail transiting through Belgium with delays of up to 24 hours

Iceland

Start date: 10 December 2019

End date: 29 December 2019

A snowstorm hit Iceland on 10 December, with flights disrupted for nearly 10 days and resulting in delays to mail services.

Italy

Start date: 1 February 2017

End date: Ongoing

We have become aware of processing delays on all inbound international traffic arriving in Italy.

To reflect the current transit times, we are temporarily extending our delivery aims as follows:

Untracked products: 6-8 working days; Tracked products: 4-6 working days and Tracked and Signed For products: 5-7 working days.

Italy

Start date: 11 December 2019

End date: 16 December 2019

Post Italiane were experiencing problems with sorting equipment used to process inbound Tracked (L) and Registered (R) items from outside the European Union, which resulted in disruption to operations and delivery of these items. While this didn't directly affect UK Signed/Registered(R) and Tracked(L) items, it may impact Post Italiane's processing capacity, so there may have been some delay.

Royal Mail International Update – December

Italy/Switzerland

Start date: 23 December 2019

End date: Permanent

From 1 January 2020 the municipality of Campione d'Italia will be included in the EU customs territory, and excluded from the Swiss customs territory. All postal items addressed to Campione d'Italia from 1 January 2020, will be processed and delivered by Post Italiane. The correct new postal address and code will be 22061, Campione d'Italia, ITALY. The Swiss postcode 6911 is no longer applicable and any items addressed to Campione d'Italia using the Swiss postcode will be handled as a 'missent' item, and forwarded by Swiss Post to Post Italiane for customs clearance and may therefore be subject to delay.

End date: 7 January 2020

Slovakia Post are performing IT system maintenance from 4-6 January 2020. All postal operations will be closed between these dates, leading to some delays.

Sweden

Start date: November 2017

End date: Ongoing

Delivery scanning of 'Tracked' has improved in recent months, however, it still isn't where it's expected to be and we'd recommend customers use Tracked & Signed services to Sweden for more reliable tracking information.

Ukraine (Crimea & Sevastapol)

Start date: 18 March 2014

End date: Ongoing

Mail services to Crimea and Sevastapol are suspended until further notice.

Latin America & Caribbean

Brazil

Start date: 16 October 2017

End date: Ongoing

We've been advised that there are currently delays with mail into Brazil. We believe this may be due to industrial action, however this is yet to be confirmed. However, what we can say is that any mail posted in the last 5-7 days could be in a backlog and any mail affected may experience at least a 10-day delay from posting to delivery.

We are taking steps to re-route where possible and expect any new postings from the end of this week to be clear of the backlog, but could still be subject to some delay in delivery of 3 days or more.

What's the issue?

Canada Post are experiencing delays to delivery services due to high volumes of incoming mail. Delivery aims for Royal Mail services for Canada are normally 5-7 working day, however, International Standard and International Tracked & Signed are severely delayed, taking 3-4 weeks to be delivered.

What alternative is there?

If you have been posting using our Royal Mail 'Tracked and Signed service', we highly recommend you use our 'Tracked service' option which is providing much speedier processing and delivery times. Simply select the correct service and label. If you are not set up on our Tracked service, please talk to your usual Royal Mail contact who will help you with the next steps. Finally, for our Customers using the Post Office to send your items, simply ask for a "Tracked service" at the counter.

A note about Customs in Canada

Whilst Customs clearing processing times are totally outside our control, it is worth remembering that Canada is one the countries with the lowest de-minimis of 20 Canadian Dollars (circa £11). This means that any goods equal or above that value will systematically go through a clearance process thus creating additional delays. Most of what our customers send is under DDU (Delivered Duty Unpaid) meaning that the recipient is responsible to pay any duty or taxes. Read more on our country guide [page royalmail.com/canada](http://royalmail.com/canada), thank you.

Royal Mail International Update – December

Other

Ascension Islands/Saint Helena
